

ADVANCED TOPICS IN ENVIRONMENTAL AND RESOURCE ECONOMICS

Syllabus

Topics

- Roots of Resource Economics
- Models of Exhaustible and Renewable Resource Use
- Applications to Energy, Timber, and the Environment
- Resources and Sustainability
- Global Environmental Issues: The Economics of Climate Change

Requirements and Grading

The course will meet on Tuesday and Thursday, 3:30 p.m. to 5:00 p.m., in 141 Giannini Hall.

Readings listed following each of the topics are available online with the exception of items marked with an asterisk, which are on reserve in the Giannini Foundation Library, and the *Stern Review*, paperback purchase at the ASUC store.

The grade will be based on some combination of exams and either problem sets or a paper, to be determined once enrollment is known.
